- a. Must be a Swimmer by class on Tuesday.
- b. Must attend extra class at 7:00 p.m. Thursday.
- c. Must make time for practice during open boating.
- d. Backpacking and Hiking will be offered together as one class.
- e. Mammals and Reptile & Amphibian Study will be offered together as one class.
- f. Fishing poles are available but we recommend that Scouts bring their own personal poles. Must make time for practice during afternoon sessions.

Program Schedule

- g. The Climbing merit badge class is from 9:00 to 10:45 a.m. If Scouts who are taking Climbing are free from 11:00 to 11:45 a.m., they may stay to work on the merit badge requirements.
- h. Only by appointment if certified unit leader volunteer merit badge counselors are available.

Note: Eagle-Required merit badges are indicated in **boldface** type in the table above.

Be Advised: All merit badge sessions are scheduled to end at a quarter to the hour. However, Scouts who need to complete the field work required for some badges may be dismissed from certain sessions early, but only when accompanied by a buddy. Reasons for early dismissal might be to purchase materials from the Trading Post, perform observations for Ecology badges or collect samples. Also, extended sessions are required for some merit badges. Please check with area directors if you have any concerns. *If merit badge sessions should fill up, additional sessions may be added depending on merit badge counselor availability to ensure a Scout is not locked out of a badge.* It is **highly encouraged** that Scouts have the merit badge pamphlet to help ensure successful completion of all merit badge requirements.
